ANNOUNCEMENT!

HYDRATED OXYMEL.

This is UNIVERSITY MEDIGIAE No. 4.

In the HYDRATED OXYMEL—a purely chemical resolvent—we prosees the only reliable Specific for cure of Pulmonary Consumption ever discovered in medicine. In common with the majority of physicians, we once considered Phthists Pulmonalis an incurable disease, but our long continued chemical experiments have recently brought to light an alchemic synthesis which is destined to overthrow preconceived ideas concerning the curability of this prevalent and fatal parasitic malaity; 1,000 cases cured during the year 1559, many of them in the advanced stage of the compilaint, convinces me that we hold in our grasp an agent whose value agree can estimate.

has It is immersurably ahead of anything ever before employed.
